

- H. The Contractor shall make all arrangements for periodical inspection by Civil Defence and Insurance Under-writer's Inspectors, cooperate with such Authorities and promptly carry out their recommendations. All costs are borne by the Contractor.
- I. The Contractor shall ensure that adequate, and to the extent possible, unimpeded means of egress from all parts of the Works, is available at all times in case of fire.
- J. At the completion of the Work, or at such time as the Engineer may direct, remove all temporary fire fighting installations and equipment.
