

9.2.11	Coating to Reinforcement	117
9.2.12	Epoxy Crack Injection Resins	117
9.2.13	Polyester Crack Injection Resins	117
9.3	Part 3 Execution	117
9.3.1	Condition Survey	117
9.3.2	Repair Strategy.....	119
9.3.3	Trial and Demonstration Repairs	120
9.3.4	Removal of Areas of Defective Concrete	122
9.3.5	Repair of Reinforcement.....	124
9.3.6	Concrete Repair General Requirements.....	126
9.3.7	Repair Using Epoxy Resin Mortars	127
9.3.8	Repair Using Cementitious Mortars	128
9.3.9	Repair Using Shotcrete.....	129
9.3.10	Repair Using In-Situ Concrete	129
9.3.11	Repair Using Free Flowing Cementitious Micro-Concrete.....	130
9.3.12	Repair of Surface Cracks.....	131
9.3.13	Crack Injection.....	131
9.3.14	Application of Epoxy Lining Mortar.....	131
9.3.15	Final Protective Coating.....	132
10	CONCRETE PROTECTION AND WATER PROOFING (SECTION 03600).....	133
10.1	Part 1 General	133
10.1.1	Scope and General Requirements.....	133
10.1.2	Related Documents	133
10.1.3	Standards	133
10.1.4	Submittals.....	135
10.1.5	Quality Control.....	136
10.1.6	Delivery, Storage and Protection	137
10.1.7	Warranty.....	138
10.2	Part 2 Products.....	138
10.2.1	General.....	138
10.2.2	Epoxy Coating	138
10.2.3	Polyurethane Elastomeric Membrane	139
10.2.4	PVC and HDPE Lining.....	139
10.2.5	GRP Lining	140
10.2.6	Waterproof Membrane.....	143
10.3	Part 3 Execution	144
