

ISO 17636-2 & 17636-1	Nondestructive examination of welds. Radiographic examination of welded joints.
BS EN 1714	Nondestructive examination of welded joints. Ultrasonic examination of welded joints.
BS EN 10204	Metallic products. Types of inspection documents.
BS EN 10210-1 -2	Hot finished structural hollow sections of non-alloy and fine grain structural steels.
BS EN 14399	High-strength structural bolting assemblies for preloading.
ISO 1461	Hot dip galvanized coatings on fabricated iron and steel particles. Specifications and test methods.
ISO 2560	Welding consumables. Covered electrodes for manual metal arc welding of non-alloy and fine grain steels. Classification
ISO 4624	Paints and varnishes. Pull off test for adhesion.
ISO 9934-1	Nondestructive testing. Magnetic particle testing. General principles.
ISO 9000 series	Quality management systems.
ISO 15609-1	Specification and qualification of welding procedures for metallic materials. Welding procedure specification. Arc welding

## **1.1.4 Submittals**

### **1.1.4.1 Products and Materials Approval.**

A. In order to verify compliance with the specification the Contractor shall submit information for all products and materials used in the Works to the Engineer for approval sufficiently in advance of their use in accordance with the Contract programme allowing for ordering and approval times. Reference shall also be made to Section 01600 of the specification on products and materials approval. Information to be submitted shall comprise but not necessarily be limited to:

1. Manufacturer's technical data and certificates of compliance with this section of the specification for the following products, including laboratory test reports and all other relevant data.
