### Submission Procedure

The conceptual flow process detailing procedure related to the final design NOC is presented in Figure 6 below.

**Figure 6: Flow Process Detailing Procedure Related to the Final Design NOC**

### 2.3.2.4 Construction NOC

In order to commence with the construction activities, it is mandatory for the contractor to obtain the Construction NOC based on the approved construction drawings.

#### Documentation Requirements

The requirements related to documentation are as follows:

- The NOC applications should be completed both in Arabic and English languages using the standard forms if available.
