Structure of the Regulations

The following categories will be used throughout the regulations:

1. Section One (100): Administration
2. Section Two (200): Definitions
3. Section Three (300): Ecology & Planning
4. Section Four (400): Building Vitality
5. Section Five (500): Energy Efficiency
6. Section Six (600): Resource Effectiveness - Water
7. Section Seven (700): Resource Effectiveness - Materials & Waste

The practice guide can be used for further information on implementation and compliance as required.
