

INDEX

Cross-linked polyethylene (PEX), definition218.0
Cutting of structural members313.2

– D –

Damage to drainage and sewer systems306.0, 714.0
Dangerous or insanitary plumbing101.5.2
Defective systems, testing of103.5.5.1
Definition of termsChapter 2
Department Having Jurisdiction, definition206.0
Desalination Plants104.0
Developed length:
 Definition206.0
 Trap arm1002.0, Table 10-1
Diameter, definition206.0
Direct connection of water
 piping to sewer602.0–602.2, 805.0, 807.1, 808.0
Direction, change of706.0
Discharge capacity, fixture702.0
Dishwasher connection, domestic807.4
Disposal fields for septic tanksTable G-1, Appendix G
Disposal of:
 Food waste404.4, 714.4, 1001.3, 1014.1.3
 Liquid waste303.0
Distance of trap from vent1002.2, Table 10-1
Distribution boxes, disposal fieldsAppendix G
Domestic sewage, definition206.0
Doors, shower stalls411.6
Double traps, prohibited1004.0
Dosing tanksAppendix G
Downspout, definition206.0
Drain:
 Building, definition204.0
 Definition206.0
 Fixture, definition208.0
 Floor411.0, 1006.0
 House, definition210.0
 Sub-drains (showers)411.8
Drainage:
 Below curb and main sewer level710.0
 By gravity required709.0
 Change in direction ... see Change in direction, drainage
 Connection to sump710.0
 Connection to sewer or private
 disposal system305.0, 713.0
 Damage to305.0, 714.0
 Defective103.5.5.1
 Durham or recessed screwed fittings701.2.1
 Fittings, material701.2
 Grade or fall708.0, 718.0
 Indirect wastesChapter 8
 Length between trap and vent1002.2, Table 10-1
 Material of301.0, 701.0, 803.0
 Protection of313.0
 Sizes of, minimum703.0
 Steam and hot water810.0
 Support314.0, 718.0
Drinking fountains405.1, 809.0
Drum traps, vented1004.0
Durham system, definition206.0

– E –

Easements for sewers721.2
Effective opening, definition207.0
Ejectors710.0
Evaporator510.11
Excavations315.0, 1203.2
Exceptions:
 Connection to sewer713.6
 Independent systems312.0
 Tests103.5.3.3
 Vent size904.0
 Water piping720.0
Excessive water pressure608.2
Existing work101.4.1.3, 207.0
Expansion joints705.2.2
Expansion of pipe, provision for313.2
Expansion Tanks507.0

– F –

Fall of sewers718.0
Faucets601.3
Fees103.4
Fill, for building sewers315.4, 718.2
Final inspection, certificate103.5.6.3, 1204.0
Fittings:
 Cleanout707.0
 Drainage701.2
 Gas piping1208.5.4, 1208.5.8, 1208.5.9
 Inlet, for fixture connections704.1
 Material of604.0, 1208.5
 Prohibited1208.5
 Screwed310.7
 Water piping604.0
Fixture:
 Branch, definition208.0
 Connections704.0
 Drain, definition208.0
 Flanged connection316.3
 Supply208.0, 601.1, 610.0
 Unit208.0, 702.0
 Unit flow rate702.0
Fixturessee Plumbing Fixtures
Flagpoling of vents906.3
Flammable Vapor or Fumes208.0
Flanges316.3, 408.4
Flashing906.5
Floor drains411.0, 704.3
 Backwater valve required1006.0
 Trap location and type411.3, 1006.0
 Water supply601.0
 Water trap supplies (primers)1007.0
Floor flangessee Flanges
Floors, under shower compartments411.0
Flow rates, in fixture units610.3, 702.0
Flush tanks208.0, 601.0
Flush valves, definition208.0
Flushometer tank208.0, 603.4.3
Flushometer valve208.0, 603.4.1, Table 6-7
Food-handling equipment801.2
Food waste disposal unit404.4, 714.4, 1014.1.3
