

Submittals

9.1.3.1 Products and Materials Approval

1. In order to verify compliance with the specification the Contractor shall submit information for all products and materials used in the Works to the Engineer for approval sufficiently in advance of their use in accordance with the Contract programme allowing for ordering and approval times. Reference shall also be made to Section 01600 of the specification on products and materials approval. Information to be submitted shall comprise but not necessarily be limited to:

Repair materials.

- a. Manufacturers name.
- b. Suppliers name.
- c. Product name (if applicable).
- d. Product description.
- e. Manufacturer's technical data.
- f. Manufacturers guarantee
- g. Manufacturer's statement that the material is suitable for the intended purpose.
- h. Mix design.
- i. Test results or certificates.
- j. Storage instructions.
- k. Application instructions.
- l. Product health and safety requirements.
- m. Endorsements of previous long term successful usage.

Once materials have been approved, substitution will not be permitted unless otherwise agreed by the Engineer.

9.1.3.2 Method Statements

1. The Contractor shall submit method statements to the Engineer for approval 4 weeks in advance of commencing the trial and demonstration repairs specified in Clause 3.03 in accordance with Section 01300 of the specification. These shall comprise but not necessarily be limited to:
2. Procedures for surface preparation and application of repair materials for all concrete
