

10.1. Authority Approvals and NOCs

The key authorities that must be consulted to provide a NOC for all master plans are:

- Roads and Transport Authority (RTA);
- Dubai Electricity & Water Authority (DEWA) - Water;
- Dubai Electricity & Water Authority (DEWA) - Electricity;
- Telecommunication Etisalat;
- Telecommunication Du;
- Dubai Civil Aviation Authority;
- Dubai Civil Defense;
- Dubai Police;
- Dubai Corporation for Ambulance Services;
- Dubai Municipality Drainage Department;
- Dubai Municipality Horticulture & Irrigation Department; and
- Dubai Municipality Department of Environment.

Other authorities that must be consulted for a NOC for certain master plans, when applicable, are:

- Dubai Municipality Waste Management Department;
- Dubai Municipality Architectural Heritage and Antiquities Department;
- UAE Armed Forces;
- Dubai Supply Authority (DUSUP); and
- District Cooling (Private DC Supplier).

10.2. Road and Transport Authority (RTA)

RTA is responsible for the planning and development of Dubai's transport system.

Obtaining an official approval from RTA on the transport systems and strategies is required as part of the master plan development.

Table 10.1 provides a summary of the submission requirements that must be obtained from the RTA and submitted to DDA at the different master plan stages.

SOS Stage	FMP Stage
RTA Approval	<ul style="list-style-type: none"> • RTA Approval • Approved Drawings (provide in FMP submission Appendix) • Approved TIS Report (provide in FMP submission Appendix)
