

### **6.36 Ducts for Future Water Pipelines.**

Ducts for future water pipelines shall be provided under all the new roads in Al Ain region. The AAM/DOT or their representatives shall apply to AADC during the design stage requesting AADC to define the size and location of future ducts under the proposed roads.

AAM/DOT or their representatives shall design the future ducts according to the locations and sizes issued by AADC. The AAM/DOT or their representatives shall apply again to AADC during the construction stage requesting the final location and sizes of future ducts.

As Built drawing for the constructed ducts shall be submitted to AADC.
