2.2.3 Abu Dhabi Department of Transport

As per the Law No. 4 of 2006 and Law No. 5 of 2008, the DoT has been mandated to regulate all areas of transport thorough transport planning and policy coordination. In this effort DoT has been developed with 4 different sectors, which are as follows:

1. Aviation Sector.
2. Maritime sector.
3. Surface Transport Sector.
4. Support Services Sector.

Within the Surface Transport Sector (STS) there are Main Roads, Fright, Parking, Integrated Transportation Planning, Integrated Intelligent Transportation Systems and Public Transport divisions. The Main Roads Division in conjunction with ROW section manages the ROW that are part of the main roads.

2.2.3.1 Main Roads Division

Main Roads Division (MRD) provides technical assistance in the following areas:

- Non disruptive road crossings.
