

Traveled Way

The public right-of-way between curbs, including Parking Lanes and Travel Lanes for private vehicles, goods movement, transit vehicles and Cycle Lanes. The Medians, turn lanes, exclusive transit lanes, curbs and gutters and loading/unloading zones are included in the Travelled Way.

Tree

A plant having a permanently woody main stem or trunk, ordinarily growing to a considerable height and usually developing branches at some distance from the ground.

Trench

A narrow open excavation.

Urban

A comparative term, distinct from 'rural', characterised by density, development intensity and activity, and for the purpose of this Manual, as defined in the maps contained in Plan Capital 2030, Plan Al Ain 2030 and Plan Al Gharbia 2030.

Utility

A commodity or service, such as electricity, water or public transportation, provided by a utility provider.

Utility Corridor

Space within the RoW allocated for a specific service installation including pipe, cable and ducts.

Utility Network

A system of utility pipe lines or cables that interconnects to serve some specific purposes.

Utility Provider

An organisation, subject to governmental regulation, that provides an essential commodity or service, such as water, electricity, transportation or communication to the public.

Utility Tunnel

A structure built aboveground or underground containing public utilities, with its own facilities including drainage, ventilation, lighting, communication, electricity and relevant systems of surveillance and detection.

Wastewater

The water-borne waste generated by any domestic, commercial or industrial activity.

Wastewater Network

A collection system that includes sewerage pipes and pumping stations, used for the transportation of wastewater from plots to a wastewater treatment system.
