

Regulations of Construction Conditions And Specifications in the Emirate of Sharjah

5. Hall:	154
6. Bathroom:	154
Article (4/43): General Installations Methods	154
Article (4/44): Installation Level of Electric Accessories	157
SECTION SIX	159
GROUNDING, BRACING WELDING AND TESTING	159
Article (4/45): Earthing System	159
Article (4/46): Ground Cable End Connection	159
[Article (4/47): Electro-Earth Terminals	159
Article (4/48): Conductors Bracing	159
Article (4/49): Insulation Resistance Test	159
Article (4/50): Bracing Welding	160
Article (4/51): Lighting Protection Earthing	161
Article (4/52): Periodical Checking	161
Article (4/53): Communication Circuits and Very Low Voltage Circuits	161
SECTION SEVEN	162
CONDENSERS OF CORRECTING POWER COEFFICIENT	162
Article (4/54): Power Factor Correction	162
SECTION EIGHT	163
ELECTRIC ENGINES	163
Article (4/55): Electric Supply	163
Article (4/56): Connection of A/C units	163
Article (4/57): A/C Split Units	163
Article (4/58): Three-phase Engines	163
Article (4/59): Engines Connection in Industrial Areas	164
Article (4/60): Providing all Engines over (10) HP	164
Article (4/61): Disconnection Switch	164
Article (4/62): Diagram	165
Article (4/63): Type of Engines and Conductors Coils	165
Article (4/64): Secondary Circuit Conductors Capacity	165
Article (4/65): Specifications of Engines Exposed to Sun Heat	165
SECTION NINE	166
GENERAL SAFETY REQUIREMENTS	166
Article (4/66): Excellent Skill and Use of Proper & Appropriate Materials	166
Article (4/67): Completion Conditions of Any Installations, Additions or Any Basic Alterations	166
ANNEX (A)	169
RESOLUTION NO. (43) FOR THE YEAR 2000	169
ON OBTAINING THE LICENSE OF PRACTICING ELECTRICAL INSTALLATION ACTIVITY	169
After reviewing:	169
It has been decided the following:	169
<u>REQUIREMENTS OF SHARJAH ELECTRICITY & WATER AUTHORITY</u>	<u>175</u>
SECOND: WATER	175
GENERAL CONDITIONS OF WATER SERVICE	176
Article (5/1): Conditions of Water General Department	176
