Approved by:

Managing Director

### **6.6 ADWEA Standard Bill of Quantities ( B of Q )**

A standard Bill of Quantities and Preamble for water works are included in ADWEA standard specifications (Volume 1)

ADWEA standard Bill of Quantities and the Bill of Quantities templates used by AADC can be utilized by the designer as guidance for preparing the Bill of Quantities for water works in Al Ain Region.

### **6.7 Water Projects Designed for Third Party**

All the water supply projects designed for Third parties such as for Al Ain Municipality, Real Estate Developer, etc. shall be reviewed and approved by AADC. Also the design shall comply with ADWEA and AADC requirements and shall be carried out by a designer (Consultant) registered with ADWEA for carrying out the design of similar works.

The tender document prepared for third party may include only volumes 2, 3 and 4 of AADC standard tender document. The relevant contents and requirements stated in Volumes 1 and 5 of AADC tenders may be added in the tenders documents prepared by Third Parties.

### **6.8 Construction Supervision of Water Projects**

All the water works constructed for AADC or constructed by third party but it's ownership or operation may be handed over to AADC in future shall be overseen / supervised by AADC during the construction stages. The AADC overseeing / supervision during the construction stage will be managed by the Projects Delivery Division, AADC.

The design and construction of this works shall be carried out by contractors and consultants registered with ADWEA for carrying out similar works. Also the construction supervision shall be carried out by consulting companies registered with ADWEA for similar works.

All the construction works shall be performed according to ADWEA specifications and requirements and the material used shall be procured from suppliers approved by ADWEA and listed in the approved vendor list for supplying such items.

Any change in design during the construction stage shall be approved by the Asset Management Directorate (AMD), AADC, however the change shall be raised to Project Delivery Division who shall forward it to AMD
