## Land use Class Description/ Definition

A bus station is a terminal which serves bus passengers. These stations are generally big in size and may serve as a local and inter city bus terminal. These bus stations may have waiting areas, a convenience store, mechanical garages and idle parking spaces for buses. However, this class should not be used for bus depots.  
Sample Sites: Madinat Zayed Bus Station, Al Ain Bus Station

## Land use Class Sub-classification

Urban and CBD sub-classification
There is no land use sub-classification for this class.
