

- A - Sight distance for P vehicle crossing 2-lane roadway from stop.
- B-1 Sight distance for P vehicle turning left on to 2-lane roadway across P vehicle approaching from left.
- B-1-4 Lane Median
Sight distance for P vehicle turning left on to 4-lane roadway across P vehicle approaching from left.
- B-2b Sight distance for P vehicle to turn left on to 2-lane roadway and attain 85% of design speed without being overtaken by vehicle approaching from right slowing to 85% of design speed.
- Cb Sight distance for P vehicle to turn right on to 2-lane roadway and attain 85% of design speed without being overtaken by vehicle approaching from left slowing to 85% of design speed.
