

- B. The Contractor shall evaluate the project status to determine work behind Programme and work ahead of Programme.
- C. After review, revise as necessary or as required by the Engineer as result of review, and resubmit within one week.

12.1.7 Updating Programmes

- A. The Contractor shall maintain bi-monthly Programme at the end of each month.
- B. The Contractor shall show Programmes recording actual start and finish dates of completed activities.
- C. The Contractor shall indicate the progress of each activity to date of revision, with projected completion date of each activity. Annotate and update diagrams to graphically depict current status of work.
- D. The Contractor shall identify activities modified since previous submittal, major changes in Work, and other identifiable changes.
- E. The Contractor shall show changes required to maintain Date of Completion.
- F. The Contractor shall submit sorts required to support recommended changes.
- G. The Contractor shall provide narrative report to define problem areas, anticipated delays, and impact on the Program. The Contractor shall report corrective action taken or proposed and its effect including the effects of changes on Programmes of separate Contractors.

12.1.8 Distribution

- A. The Contractor shall follow joint review; distribute copies of updated Programmes to Subcontractors, suppliers, Engineer and other concerned parties.
- B. The Contractor shall request recipients to promptly report, in writing, problems anticipated by projections shown in Programmes.
