Submission Procedure

The conceptual flow process detailing procedure related to the final design NOC is presented in Figure 6 below.

Figure 6: Flow Process Detailing Procedure Related to the Final Design NOC

2.3.2.4 Construction NOC

In order to commence with the construction activities, it is mandatory for the contractor to obtain the Construction NOC based on the approved construction drawings.

Documentation Requirements

The requirements related to documentation are as follows:

- The NOC applications should be completed both in Arabic and English languages using the standard forms if available.
