

3 MEMBRANE ROOFING (SECTION 04400)

3.1 Part 1 General

3.1.1 Scope

- A. This section of the specification gives the requirements for membrane roofing systems.

3.1.2 Related Documents

- A. The following sections of the specification shall be read in conjunction with this section.

Section 01300-Submittals

Section 01400-Quality control Section

Section 01600-Materials and equipment

3.1.3 Standards

- A. All activities relating to this section of the specification shall comply with the following or approved equal standards.

BS 8217 Reinforced bitumen membranes for roofing. Code of practice

BS EN 1339 Concrete paving flags. Requirements and test methods.

3.1.4 Submittals

3.1.4.1 Products and Materials Approval

- A. In order to verify compliance with the specification the Contractor shall submit information for all products and materials used in the Works to the Engineer for approval sufficiently in advance of their use in accordance with the Contract programme allowing for ordering and approval times. Reference shall also be made to Section 01600 of the specification on products and materials approval. Information to be submitted shall comprise but not necessarily be limited to:

- i. Manufacturer's/supplier's name.
- ii. Product name/description.
- iii. Manufacturer's technical data.
- iv. Manufacturer's certificates of compliance with this section of the specification.
- v. Storage instructions.
