

Table 6: Storm Water Pipe Diameters and Pipe Corridor Width Requirements

Pipe Diameter (m)	Pipe Corridor Width (m)
0.5	0.95
0.6	1.05
0.7	1.20
0.8	1.30
0.9	1.45
1.0	1.55
1.2	1.80
1.4	2.05
1.6	2.30
1.8	2.55
2.0	2.80
2.4	3.30

A typical storm water drainage corridor details showing the storm water drainage pipe and the pipe corridor are presented in a schematic form in the Figure 10 below.

Figure 10: Typical Storm Water Drainage Manhole

Storm Water Drainage Corridor (Width Varies)
