Please start DIALux - see Figure 167.

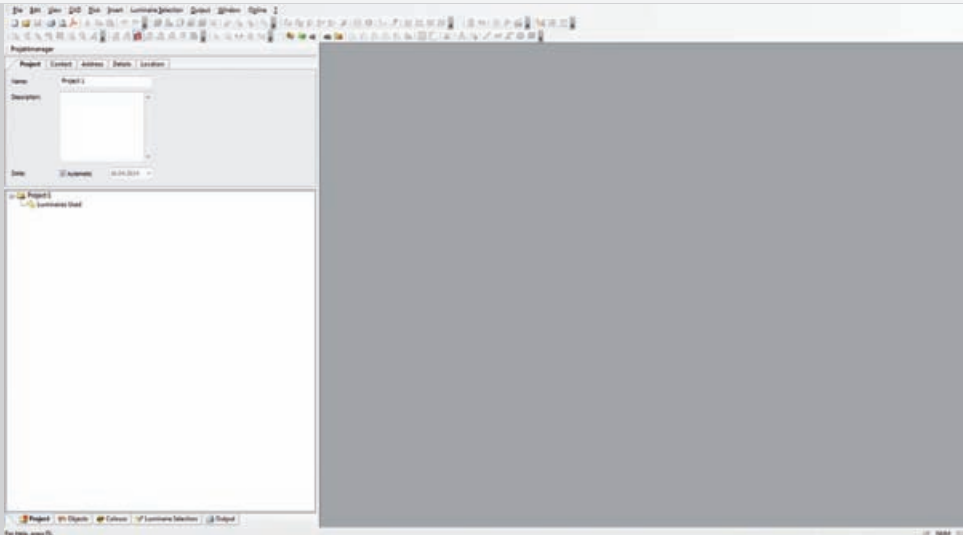

Figure 167
To begin, please choose 'New Standard Street'- see Figure 168.

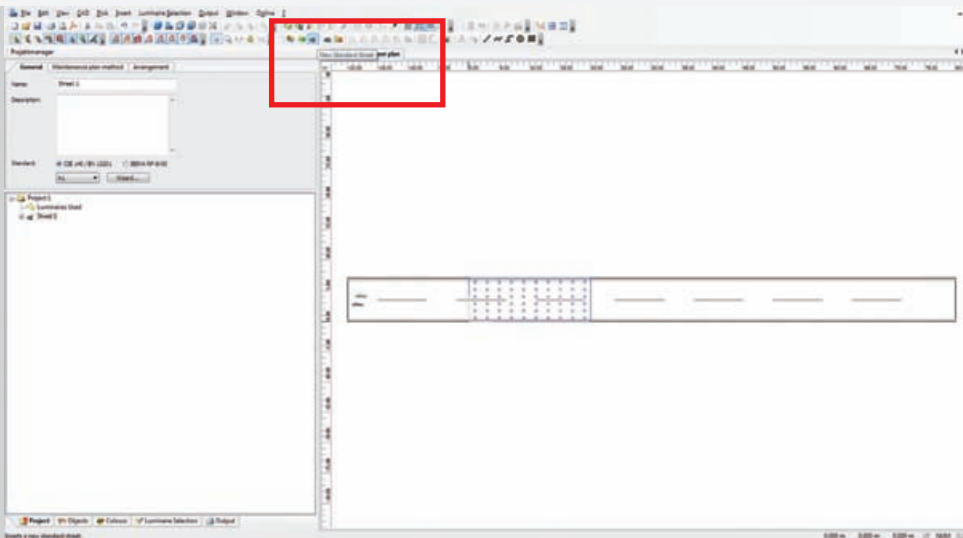

Figure 168

Select 'Street 1' in the Project Tree. Under the 'General' tab above the Project Tree, whereby the Standard can be selected on which the lighting calculation will be based. The two options are:

- the European Standard CIE 140 / EN 13201
- the US Standard IESNA RP-8-00 (to be used for Abu Dhabi)
